Company information:

There is an alternative, whose business are you building?

Corner your own retail market and unique brand!

DB Agencies provides progressive hairdressing salons and barber shops the opportunity to offer their own exclusive range of profitable retail hair care products. We specialise in the distribution of select ranges of innovative and eco friendly hair care for both men and women. Our hair products offer your business the following benefits:

\* with all major brand hair care ranges now widely available, especially on the internet, offering your own range is a great way to build client loyalty - because the products are only available from you

\* a range of high quality hair care products, branded with your salon name or logo, uniquely formulated, they provide endless styling options for both stylist and client

\* priced significantly below major brand products, they offer very healthy profit margins for your business

- we offer a merchandising package to support your range, all branded with your business name and logo

Following the theme of your own brand products we supply branded gown, scissors, cutting collars, brushes etc.
