Company information:

This is a brand new and unique product that DLT Media wishes to announce to Salon International 2011. Our range of DLT Digital Media Boards.

The Media Boards are an integrated magazine and newspaper display unit with digital HD messaging system, to help promote your business and range of services you offer to your clients.

You can also use this system to system to generate additional profits for your business by allowing local advertisers, of your choosing, positions on your content loop. Typical revenue per board can be over £5,000 per year.

The ease of use allows you to change out your messaging countless times a day if required. Please either visit us and the new product at Salon International on stand number F247 to discuss in more detail or call Sara Spivey on 0208 974 3970.
