Company information:

Dowa International will be launching its 2011 product line at Salon!

The newest addition to the premium cobalt scissor line, the PASSION ECLIPSE with super slim blades creating ice cold precision cuts, will be made available for the first time. We are also excited to launch the highly anticipated PASSION PHANTOM, a black titanium shelled scissor with handles that are built around your hand! The YS PARK NECK SHUTTER will also be launched, adding to the extremely popular YS PARK PRO TOOL range. Amongst other exciting new products, we will have Salon 2010 exclusive models as well as incredible offers that are only available at the show!

For the 15th year running the extensive PASSION SCISSOR SERVICE facility is decamping for the weekend to provide on the spot scissor sharpening, so remember to bring your scissors!

The designer of YS PARK PRO TOOLS will also be on stand to answer any questions and chat about any opinions you may have.
