Company information:

Hyperion has been in the hair and beauty care business since 2006. After successful marketing at wholesale level in UK and Europe, Hyperion is advancing to another landmark by launching its own brand of Hair Styling Scissors "SUMO", where quality and style goes together. □□Our innovative shears are priced right and made from high quality Japanese Steel. Lightweight, perfectly balanced each pair of scissors is carefully crafted for smooth and precise cutting. Wide range of scissors comprising of European and Japanese style blades and variety of ergonomic handles is available both for young hair stylists and experienced professionals to make a difference in the hair styling world.□□SUMO collection will be displayed for the first time for its customers at Salon International 2011-London Excel, visit us at Stand N111 in new exhibitors zone and visit our website at <http://www.sumoscissors.com> to view our full range of products and shop online. We provide free delivery through out UK. □□Try our scissors and fall in Love with the First Cut!
