Company information:

Air Hedz Pro (Trade price from £3.96) □

Whether your client's hair is in a tangle or smoothing and finishing when dry, reach for the Air Hedz Pro line, of nine brushes including narrow, medium and large paddle sizes. The three sizes come in 'phat' pins to mimic fingers which gently detangle, 'phine' pins to tame and control, and natural bristle to finish and smooth. This collection is ideal to cope with the rigors endured by salon tools and constant wet hair. □ □

Salon Style (Trade price from £2.87) □

Featuring a versatile and comprehensive range of radials, hot curls, vent and paddle design's, the salon style brushes have a gloss black and chrome finish, plus come in a huge choice of sizes. They perform endlessly without catching or damaging your clients' tresses, while the rubber grips provide comfort and the streamline radial handle ensures a successful blow drying technique. □

Ladies and Men's Finest (Ladies finest trade price from £8.38, Men's Finest trade price £11.16) □ This beautiful collection of carefully crafted, hand-finished hair brushes are made in England using pure natural bristle and exotic timbers sourced carefully for quality, strength and beauty. While the Ladies Finest line is designed for traditional brushing and blow drying, the Men's Finest collection is ideal for grooming and styling. Made with varying bristle strengths to care for fine and thick hair, these luxurious brushes will become a prized part of your kit throughout your hairdressing career! □

Student Special 56% discount, Student Set £35 (True value £80) □ If you're a hairdressing student who wants to use quality brushes right from the start of your career, □ □ turn your attention to Kent's student kit containing 11 brushes at the amazingly discounted rate of £35 saving 56%. At Kent we believe in educating future hairdressing generations on understanding and recognizing quality in both natural bristle and nylon brushes, as well as encouraging you to use quality

brushes from the start of your careers. That's why we've put together our student kit containing radial, paddle, bristle brushes and more all housed in a clear, strong plastic carrying case, so you can study the craft with the best possible tools. □
