Company information:

Introducing Anti Frizz by YUKO A new generation of anti-frizz treatment. Anti-Frizz by YUKO is the newest, innovative Japanese anti frizz treatment that will semi permanently smooth away frizz and make hair more manageable and healthy looking. □□ This technologically advanced formula was created by YUKO, the Pioneers of Thermal hair straightening. Now Yuko presents a new anti-frizz treatment, featuring breakthrough ingredients, to control and improve hair texture. □□ Combined with a unique blend of natural ingredients from silk, soy and wheat, in 5 quick easy steps, Anti-Frizz by YUKO will safely smooth away frizz and seal in nutrients for a healthy, shiny finish.
